B. Evaluation and Selection

8. As with all aspects of the ELITE-S programme, we will implement an Evaluation and Selection process for the recruitment of ELITE-S Fellows that is transparent, equitable and fully aligned with the principles set out in the Code of Conduct for Recruitment¹.
9. Evaluation criteria, ranking processes and cut-off thresholds are detailed in the Guide for Applicants. There are three stages to the process: eligibility and ethics check, independent international review and interview:
 - a. Each eligible application will be evaluated by three independent reviewers
 - b. If selected for interview, applicants must be available to attend, by their own choice, either an interview in Dublin City University or an interview remotely by video conference on the date requested.
10. No preferential evaluation will be gained by attending in person or via videoconference. Travel and accommodation expenses to attend an interview in person will not be provided unless in exceptional circumstances. Documentation support to enable applicant travel may be offered.
11. After interview you may be required to show original certificates of any qualifications listed on your application (in order to verify authenticity), proof of identity and any other relevant documentation.
12. ELITE-S will endeavor to ensure that reviewers and interview panel members do not have any conflict of interest related to the applications they are assessing. Reviewers will have to sign a Non-Disclosure Agreement (NDA) before working on any application.
13. All eligible applicants will be issued details of their ranking and constructive feedback after the independent review and interview (if selected for interview).
14. All candidates have a right to redress. Requests can be made with regards to applicant eligibility criteria and procedural issues. Applicants must submit their request within 30 days of being notified of their outcome.
15. Requests with regards to the scientific judgement of reviewers at any stage will not be taken into consideration. Redress Committee decisions are final.

C. The Offer

¹ <https://euraxess.ec.europa.eu/jobs/charter/code>

16. The offer to successful candidates comes in two parts:
 - a. Award of the fellowship by ELITE-S Programme manager or DCU HR, following the Evaluation and Selection process.
 - b. An offer of employment by the host institution, conditional on a written response from two referees, from which previous work history listed on your CV can be verified. Applicants are requested to include contact details for at least two referees when submitting the application. Referees will not be contacted prior to the award of a Fellowship.
17. The applicant will be required to accept each part of the offer, the award and the employment offer, in writing, within 7 days of receiving each respective notification. Accepting the award at the first stage does not commit the applicant to accepting the employment offer from the host institute.
18. In the unlikely event that the host institute is not able to support the Fellowship, and the Elite-s management cannot find an alternative acceptable host, the award of the fellowship may be withdrawn. Similarly, the host institutions also reserve the right to withdraw an offer if the programme is withdrawn for any reason, or if an error has been made by the host institution.
19. Personal data in addition to that already supplied during the application may be required by the host institution to complete the offer of employment.
20. It is expected that successful Fellows will start the Fellowship at the earliest convenience, considering any periods required to gain permission to work in Ireland and to agree terms and conditions between Dublin City University and the Host institute. A start date will be negotiated with the Fellow and stated in the offer of employment.

Fellowship holders are required to partake in activities supporting their career development. However, this should not impede the progress of their main tasks.

 27. The Fellow is to complete the contracted period of the Fellowship. 35. Fellows are also entitled to an additional 16 weeks of unpaid maternity leave by Irish law. Both parents of a child can avail of parental leave granted for up to 18 weeks. The Fellow is not entitled to pay from their employer while on parental leave, but all other employment rights continue.
36. The Carer's Leave Act 2001 allows employees in Ireland to leave their employment temporarily to provide full-time care. Carer’s leave is unpaid, but the Act ensures that those who propose to avail of carer's leave will have their jobs kept open for them for the duration of the leave.
